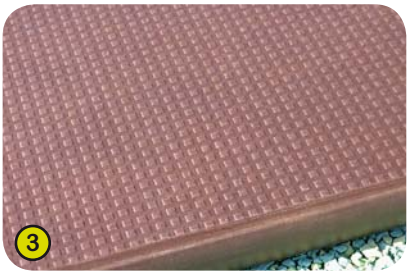
J280/J281/J282/J283/J284/J285/J286

1- **The lacquered panels** are made from very high quality plywood 21mm thick, made of alternate layers of thin birch, which offers longevity and an exceptional mechanical strength. The colours are applied by electrostatic spraying of two-component polyurethane lacquer that is free of heavy metals, to ensure high levels of resistance to potentially aggressive chemicals such as anti-graffiti cleaning products.

2- **The tubes** are made of stainless steel guaranteeing lasting durability and reliability of the equipment.



3- **The benches and the shelves** are made from a textured and non-slip compact material (HPL), 12.5mm thick.

4- **The platforms** are made of planks in solid wood 120x 22mm.

5- **The stainless steel fixings** are protected by polyamide anti-vandalism caps.
