

# Balancing and climbing equipment

## Technical specification

### J4807

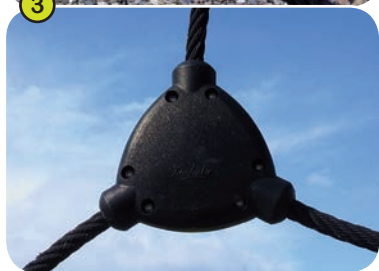

- 1- The **125mm diameter post** is made of lacquered galvanised steel. The two-tone grey graining finish has a slightly undulating surface for increased scratch resistance. The **cap** is made of rotary moulded polyethylene.

- 2- The **16mm diameter ropes** are made of galvanised steel cable covered with polypropylene. The **cables** are linked together and held in place by injected polyamide spheres.

- 3- The **net fittings** are made of polyamide. The fittings are composed of two distinct parts for ease of maintenance of individual strands.

- 4- The **fixings** are made of stainless steel and protected by anti-vandalism polyamide caps.
