

# Inchyra Park, Grangemouth

## Installation of Proludic kit by Falkirk Council

Client: Falkirk Council

Address: Inchyra Park, Grangemouth, Falkirk, FK3 9EY

Budget: £25,000

Age Range: Toddler, Junior, Teenager

### Project Story

Over the years Falkirk Council have seen considerable investment in outdoor play and sport facilities and needed to update the existing play equipment at Inchyra Park. Unfortunately, Falkirk Council had a limited budget due to funding becoming more and more scarce and local authorities being under pressure to save money. Therefore, Falkirk Council purchased the play equipment directly from Proludic, and installed the play area with an in-house contractor to save on install costs.

After

As one of the real innovators in their industry, the range of play equipment from Proludic has proved to be very reliable and has outstanding play value. We are absolutely delighted with the recent renovation of Inchyra park in Grangemouth.

Michael Joyce, Estates Officer, Falkirk Council

Kanope Multiplay Unit

Climbing Frame

Cableway

Pod Swing

The structures in the Kanope range resemble wild grass and tree trunks bent by the wind. Children from two years and upwards can climb in all directions, clamber up and down numerous innovative and different shaped structures. All of the play features fit in with Kanope's signature design of the environment combined with a contemporary, streamlined look.
