

Columbia Avenue

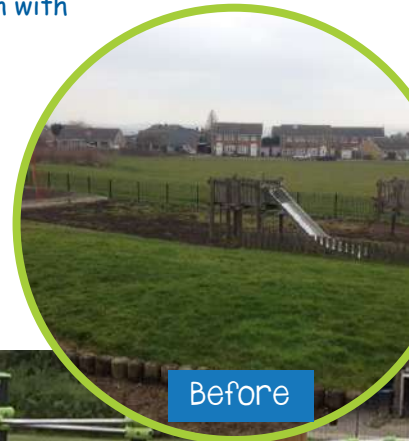

Full Refurbished & Themed Play Space

Client: Canterbury City Council
Address: Columbia Avenue, Whitstable, Kent, CT5 4EH
Budget: £75,000
Age Range: 0-12 years

Project Story

The council were looking to refurbish this tired site by replacing all of the old and outdated equipment. They were looking for a design scheme to be creative, imaginative and to also have educational elements that children would enjoy. It was requested that many of the items were accessible for both able-bodied and children with special needs and disabilities to be able to play together.

The local community came together to have their say on how the playground should look. Councillor Neil Baker states: "This has been one of the best play area refurbishment projects due to the enthusiasm of the children to get involved and help with deciding the design and selecting the equipment." He continues; "That passion came through again at the opening when they clearly couldn't wait to start using it all." The end result is a well-balanced and varied playground for all children to enjoy.

Before

After

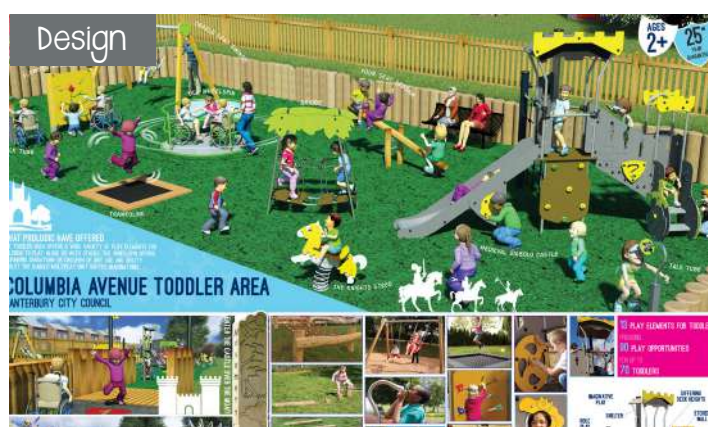

“ It's been great to see so many smiling faces and I'm sure this play area is going to bring much happiness in the years to come. ”

- Councillor Neil Baker Community Committee- Chairman

Themed Play Equipment

Play is an essential part of children's lives. Simply by having fun children discover themselves, develop and shape their personalities. Through moving, interacting and using their imagination, their confidence and independence increases.

Themed equipment provides children, aged from 2 to 8 years, with a stage in the playground on which to act out stories and live numerous adventures.
